

The background of the entire image is a dark, almost black, field filled with numerous small, out-of-focus circles of light in various colors including red, orange, yellow, green, blue, and purple. These circles are arranged in a way that creates a sense of depth and movement, resembling a bokeh effect. Overlaid on this background are several thin, white, concentric circles that are centered on a bright, multi-pointed starburst light source located in the upper-middle part of the frame. The starburst has four main points, creating a cross-like shape. The overall effect is a dynamic and visually appealing abstract composition.

28TH DÜSSELDORF INTERNATIONAL
ENDOSCOPY SYMPOSIUM
FEBRUARY 5 — 7, 2026

MARITIM HOTEL DÜSSELDORF, AIRPORT CITY
WWW.ENDO-DUESSELDORF.COM

DIRECTORS

Torsten Beyna, Horst Neuhaus
Evangelisches Krankenhaus Düsseldorf
e-mail: medizinische-klinik@evk-duesseldorf.de

ONSITE EVENT WITH

Live-Demonstrations by an internationally renowned faculty
from the endoscopy unit of the Evangelisches Krankenhaus Düsseldorf

- Mini symposia • Satellite symposium for nurses • State-of-the-Art lectures • Breakout sessions • High-quality hands-on training

MAIN TOPICS

Mastering Neoplasia Detection & Management • Advanced Endoscopic Resection & Endoluminal Surgery • Bariatric & Metabolic Endoscopy • State-of-the-Art Endoscopic Suturing & Defect Closure • Regenerative Endoscopy • Mastering GI Motility Disorders

- ERCP & Direct Ductal Endoscopy • EUS-Guided Drainage & Lumen Apposition • Endoscopic Multimodal Management for Interventions after Bariatric Surgery and in Patients with Postoperative Altered Anatomy • Endoscopy in Multimodal Oncological Therapy
- Next-Gen Endoscopic Technology – AI, Robotics, Motorization, and Advanced Imaging

ORGANISATION

COCS GmbH – Congress Organisation C. Schäfer, Goethestraße 43, 80336 Munich
Phone: +49 (0) 89 / 890677-0, e-mail: iesd@cocs.de
