

# International CMFI Symposium

February 8, 2021

1:30—9 PM

Virtual, via Zoom

The Cluster of Excellence „Controlling Microbes to Fight Infections“ (CMFI) invites for the *International CMFI Symposium*.  
With this symposium, we bring together renowned international experts in the field of microbiome research to discuss their findings, latest developments and research results.  
The symposium is opened with words of Bernd Engler and Andreas Peschel.

## 1:30—2 pm | Welcome Notes, CMFI Introduction

*Bernd Engler* (President University of Tübingen), *Andreas Peschel* (CMFI Spokesperson)

## 2—3:30 pm | Microbial Metabolism Matters
